#### NOTES:

Please do not feel like you need to do ALL of the activities. Try to do a little bit of Math and Reading every day. However, we would like for you to prioritize the NEW material and stick to either the Offline OR Online version. We do recommend the Online version, if that is possible for you.

Choose days you want to do work on areas that span over a few days (i.e. pick a day that you want to do Science).

Anything that you would like for us to look at, you can submit in Google Classroom. This is not required. If Google Classroom does not have an assignment created, then ask your parents send a picture in Class Dojo.

**Most importantly, please send us an e-mail or message us in Dojo if you have a question!**
